WEDDING GUIDE . 2026

My Story *Is Like Yours*

Weddings are rare events. There are so few moments in life when family, friends, and loved ones come together to celebrate something as beautiful as the union of two souls.

This special day is about the people you love, the energy you share, and everything that happens in between.

My style of photography aims to get to the heart of who you really are. There are no awkward poses, no forced smiles just real moments captured as they unfold, without interruption or performance.

I'm all about the laughter, the nerves, the chaos, and the little miracles you didn't even realise were happening at the time.

On occasion, when the light or setting offers something special, I may make gentle suggestions or offer subtle guidance but these moments are the exception, never the rule.

Since 2011, my lens has been witness to the most beautiful love stories across 12 countries and four continents.

TIPS & TRICKS

Because I care...

Be your most authentic self

The best photos often come from the candid, unplanned moments. So, don't be afraid to be yourselves, laugh, cry, and let the photographer do the rest.

Delegate, Delegate, Delegate

You don't have to do everything yourselves. Delegate tasks to reliable friends or family. It's your day, so let others help make it amazing.

Dance Like Nobody's Watching (Even if They Are):

Your dance moves might not be on par with the pros, but who cares? Have fun, laugh at yourselves, and make some unforgettable memories on the dance floor.

Sneak Away for a Snack:

Weddings are busy, and you might forget to eat. Sneak away with your partner for a moment and grab a snack. Trust me, you'll appreciate the energy boost.
